following the governments health reforms in 1991 rationing has been put firmly on the
agenda this book identifies and clarifies the numerous political and ethical issues
surrounding rationing in healthcare drawing upon international examples it offers a
critical overview of the approaches to rationing and makes practical proposals for its
management desperately seeking solutions challenges the assumption that all health
services are inherently subject to rationing as demand invariably outstrips supply and
examines this within a comparative framework the author critically evaluates the extent
to which rationing has always existed and should exist within the nhs although until
recently it operated on an implicit rather than explicit basis and was bound up with
clinical judgements rather than purely financial considerations the author questions
whether calls for explicit rationing are actually desirable and potentially feasible

this text is concerned with the nature of public service white collar trade unions
particularly those within local government it argues that the human product of the
labour of public service workers gives the production process a heightened significance
